

News Media Release and EIS/Computer Access Form

Please bring this completed form with you to registration.
Make sure that ALL lines are filled out.

The News Media Release gives permission for news reporters to interview, photograph or video students at sporting events, etc. The EIS form on the back gives students permission to utilize school computers and technology with classes. *It is VERY important to have a completed EIS form on file in order to allow your student full access to the academic opportunities at SCHS.* Thank you!

Volusia County Schools
Electronic Information Services Acceptable Use Agreement for Students

Volusia County Schools provides your student with access to Electronic Information Services (EIS) through the use of VCS computers and/or other educational technologies. Use of EIS is a privilege, not a right.

Computers and/or educational technologies are provided for student use to further the educational goals of the district. To ensure students benefit from computer and other educational technologies, they will adhere to the following guidelines, as well as those specified in School Board Policy 518 and other district policies and procedures governing student conduct.

1. Students will only use programs and devices selected by the teacher.
2. Students will not install or download from the Internet any software, including games, on any computers at school.
3. Students will not make any changes to desktop settings or to programs.
4. Students will save their files to a removable device unless the teacher gives other directions.
5. Students may use the Internet for only curriculum research and projects assigned by the teacher. No surfing or browsing the Internet for recreational purposes is allowed. Any inappropriate material inadvertently accessed should be reported to a teacher.
6. Students shall not visit non-district-supported chat rooms or use instant messaging without permission and direction from the teacher. Students shall not give out personal information about themselves or others.
7. Students will immediately notify the teacher if malfunctions occur in any computer, peripheral, or software. Any tampering with hardware, peripheral devices, or software will be considered vandalism and will be handled accordingly.
8. Students will use district-supported technology, including, but not limited to, Web 2.0 resources (e.g., wikis, blogs, online collaborative environments, etc.) for educational use only, with permission and at the direction of the teacher.

I further understand that failure to follow these guidelines may result in the loss of access to the network or other disciplinary action.

The use of EIS is a privilege and not a right. Please review Support Services Policy 518 (reverse side). Having read this form, sign and have your son/daughter sign below to use student computers and/or other educational technologies at his/her school for the years he/she is in attendance at the school listed below.
